# **SPONSORSHIP OPPORTUNITIES**

Inspiring a new generation of thinkers  
who work and play in the Latin world.

We aim to inspire by providing a forum where creative and business professionals can gather to exchange ideas, best practices and tell you about their experiences working in cross-cultural environments. We have selected a group of speakers who have meaningful real-world examples to share with you - so whether you're a seasoned pro or an aspiring newbie - there's something great waiting for you.
